SUMMARY

With 9 years of experience in UI/UX design at Hudini, I excel in creating intuitive, user-centered interfaces that enhance engagement across diverse platforms, including mobile, tablet, TV, and kiosk systems. My core skills include wire-framing, visual design, prototyping, and usability testing, and I'm proficient in tools such as Adobe XD, Sketch, and Figma. My approach prioritizes user empathy, translating insights into seamless, branded digital experiences that are both functional and engaging. Leading by example, I mentor junior designers and foster a culture of innovation, ensuring that each design is finely tuned to meet user needs while delivering a cohesive and delightful experience.
